Dear Mrs. Fernandez,

This reference letter is provided at the written request of Sarah Kaiser, who has asked me to serve as a reference on her behalf. I have had the opportunity to work with Sarah as her clinical instructor since May 14, 2021 to today. As a clinical instructor, I observe the student's participation and interaction in the clinical setting and evaluate their performance and assess general knowledge base.

Sarah has demonstrated an exemplary work ethos. She is a hard worker, professional and knowledgeable. She accepts, welcomes, and immediately integrates constructive criticism into her practice. It is evident she gained these characteristics from her past experience as a Patient Care Attendent for Scripps Green. In every clinical rotation Sarah strives to give all tasks, even the seeming routine, her absolute best effort. She holds herself accountable to her goals, is organized and careful in her work. I have enjoyed working with her, witnessing her growth and I look forward to hearing more about her continued success as an Registered Nurse. In summary, I highly recommend Sarah Kaiser for any position or endeavor that she may seek to pursue. In my humble opinion she will be an asset for any organization. Please feel free to contact me if you have any questions.

Sincerely,
